**HERBACEOUS PAEONIES**

**I**N addition to this list, I have growing in my grounds many new varieties imported from Victor Lemoine & Son, France, and Kelway & Son, England. A part of these will flower in 1903, and I shall then offer them for sale after knowing more of their value. They are the latest French novelties, and the new race of Imperial Pæonies by Kelway. The French Pæonies are by the best known horticulturists, such as Crousse, Calot, Dessert, Lemoine and others. The French hybrids which flowered in 1902 were very fine and marvels of beauty.

My aim is to supply as good Pæonies as there are in the world, and to keep introducing each year the best Continental novelties.
